### **SEAL Solutions Custom Installation Home Theater Specialists Announces Grand Opening of New Showroom on April 8, 2010**

*– Renowned Home Theater Designer Theo Kalomirakis to Unveil TK Living Lineup  
of Home Theater Products –*

Islandia, NY, April 6, 2010 – [SEAL Solutions](#), a New York metro area custom installation company, today announced the grand opening of its new home theater and audio/video showroom, which will take place on Thursday, April 8, 2010 from 5:00 – 9:00 pm.

SEAL Solutions, located at 3180 Expressway Drive South, Suite D, Islandia, NY, was founded by former Navy SEAL Chris Wyllie. SEAL offers complete custom installation services including architectural design, construction, systems integration and more to the New York metro area.

The grand opening will feature an exclusive sneak preview of the new [TK Living](#) line of architectural detailing products, acoustical fabrics, seating, lighting and other accessories created by [Theo Kalomirakis](#), the leading authority in home theater design. TK Living will also show examples for three distinct theater designs utilizing TK Living products for the cost-effective construction, design and engineering of custom home theaters. The first-ever showroom theater to feature TK Living products was designed by Theo Kalomirakis for SEAL Solutions.

**Lutron**<sup>®</sup>, the innovative lighting systems specialist for residential and commercial applications, is sponsoring the event. Representatives from audio/video companies **Crestron**, **Runco**, **Stewart Filmscreen** and **Paradigm** will also be on hand.

SEAL CEO Chris Wyllie has had a life-long passion for electronics. He graduated from the U.S. Navy's Advanced Electronics School and has a Custom Electronic Design and Installation Association (CEDIA) Level One Installer certification. Chris pointed out, "I wanted to instill our business with the pride and professionalism I learned in the Navy. In today's challenging economic times, a business has to provide customers with the highest levels of quality, service and value. Our affiliation with Theo Kalomirakis and with top-level manufacturers, and the opening of our new showroom reflect SEAL's commitment."

Theo Kalomirakis noted, "The TK Living lineup embodies our 20 years of experience in designing and creating custom home theaters. TK Living will make it easier and more cost effective for installers and contractors to build home theaters for their clients that are uniquely elegant, beautiful and inviting." Available in a wide range of styles, colors and textures, TK Living products will include acoustically transparent fabrics, lighting fixtures, carpets, decorative

- more -

speaker grilles, seating and more. The architectural plans provided by TK Living for the showroom can encompass the three unique theater designs that can fit into a client's home.

Key audio/video components in the SEAL/Theo Kalomirakis theater include the following:

- TK Living architectural detailing products and fabrics
- Runco Q-750i projector
- Stewart® Filmscreen 120" Cine-V curved screen
- Oppo Digital BDP-83 Blu-ray player
- Denon® AVR-4810CI audio/video receiver
- Crestron® control system
- Paradigm® Reference loudspeakers and subwoofers
- Planet Waves™ cables and interconnects
- PS Audio® PowerPlay 9000 power conditioner
- Apple TV®
- TiVo® digital video recorder
- Pakedge router and switches

### **About SEAL Solutions**

SEAL Solutions' mission is to bring state-of-the-art technology into peoples' homes so they can have more control over their environment, making their lives easier and giving them more time and energy to enjoy life.

The idea for SEAL Solutions began over 15 years ago when founder Chris Wyllie graduated from the U.S. Navy's Advanced Electronics School. He served as a member of Special Boat Unit Twelve during his service in the Persian Gulf, and then became a member of the U.S. Navy SEALs, the most elite fighting group in the world. He continued his work with electronics as a part of SEAL Team Two. After he left the military he pursued his goal of creating a business where he could use his extensive knowledge to assist others, and SEAL Solutions was born.

In 2009, SEAL Solutions received CEDIA's prestigious Electronic Systems Contractor (ESC) award. In 2007, SEAL received *Sound & Vision* magazine's Installer of the Year award, and the company has completed installations for numerous celebrities including Liam Neeson, Liev Schreiber, Naomi Watts, Kiefer Sutherland, Julianna Margulies, Maxwell and others.

### **About TK Living**

TK Living presents a collection of finely crafted architectural accessories and elements designed for home theater and other home entertainment environments. The collection reflects the work of Theo Kalomirakis, the pioneer and leading authority in custom home-theater design. It features exciting and innovative specialty products, such as acoustically transparent designer fabrics, unique architectural lighting fixtures, luxurious carpets, and a variety of one-of-a-kind accessories that include poster displays, decorative speaker grilles, exit signs, theater-door hardware, and more. The collection draws heavily upon Theo's own architectural and design portfolio, as well as the work of the design pioneers who inspired him.
